When it Comes Time to Sell, Let our Success be Your Success!

Whether your collection is worth \$5,000, \$50,000 or more than \$50,000,000, the same expertise that showcased the world's most valuable collections will showcase your coins as well. Consider the following:

Four of five of the most valuable United States coin collections were sold by Bowers and Merena Galleries. In first place is the Eliasberg Collection for \$45,000,000, followed by the Harry W. Bass, Jr. Collection at \$38,000,000. The Garrett and Norweb Collections were also sold by our firm and rank as the third and fifth largest United States collections ever sold, realizing \$25,000,000 and \$20,000,000 respectively.

Of the top ten world record prices for U.S. coins, Bowers and Merena Galleries has sold five—including the most expensive silver coin ever sold, the 1804 dollar for \$4,140,000. During the 1997-2001 period, as published in *Auction Prices Realized*, Bowers and Merena continued its success of record holding prices realized with 18 records in the top 50 and 36 in the top 100!

Over 50,000 active customers and growing! Our affiliation with Collector's Universe, owner of many high-end collectibles companies, provides us with the most important and largest list of collectors ever assembled who will be invited to bid on your coins. And, let's remember that the same bidders and buyers who set world record prices in the past, will be competing for your collection as well!

Highly respected numismatists of world renown. Q. David Bowers is one of the most successful and respected numismatists of our time. Dave has received more numismatic awards and honors than any other in his field, has served as President of the ANA and the PNG and is the only person who has ever held both of these esteemed offices. In addition, he is the author of dozens of numismatic books. His firm has handled every coin in *A Guide Book of United States Coins*, America's standard reference source for U.S. coin prices.

*The most generous, confidential finder's fees available in the business:
Hundreds of thousands of dollars paid out annually.*

Our next prestigious auction is waiting for your collection. You can take advantage of the same expertise, the same track record, and the same quality of cataloguing, all for a low commission rate that you will find to be very competitive. It makes sense to have the most prestigious rare coin auctioneer handle your collection. Dave Bowers

will personally supervise and participate in the showcasing of your collection or individual rarities, while the entire Bowers and Merena Galleries staff will lend expertise and enthusiasm. And, we can offer you an immediate cash advance against your consignment while we showcase your coins to their finest advantage.

Our auction schedule in 2003 is bursting with opportunities for you to consign your rare coins and currency. To reserve a place for your material call Rick Bagg or John Pack today at 800-458-4646. It may well be the most financially rewarding decision you have ever made.

USING YOUR 2003 NUMISMATIC DEALER DIRECTORY

Your **2003 NDD** provides two ways to look-up coin dealers. The first section is a cross-referenced, alphabetical listing by last name or company name (**CAPITALIZED** listings). Personal names are followed by their state & company name. When the company name is the same as the numismatist's name, you will be able to locate them either way. For example, Julian M. Leidman will have two cross-references: 1) Under **J**, look for "JULIAN M. LEIDMAN" to find the company name, state, & telephone number; and 2) Under **L**, "Leidman, Julian M., MD, Julian M. Leidman" gives you his personal name, his state, his company name, and telephone number.

The second section is arranged by state, and therein alphabetically by *company* name (names such as *I-A Coin Co.* or *A&B Coin Co.* start each new state). If you know the state & *company* name, those listings contain the full mailing address and telephone numbers. When an individual's name is also the company name, **keep in mind that the listing will be alphabetical using the first name**. For example, the address of the *company* "Julian M. Leidman" can be found in Maryland under the first letter "**J**". Within the second section, we have highlighted our advertisers with blue ink. We encourage you to read all advertisements; they contain important information, and this directory would not be possible without their support. These leading dealers are sure that this directory will be one of your most useful numismatic tools. The advertising index will direct you to the various advertising categories. The cross-references in red ink will direct you to advertisements under related categories.

We hope that you find the **2003 Numismatic Dealer Directory** to be a useful tool throughout the year. And please don't forget to send in any updated information as soon as possible. If you do not refresh your information, you may be deleted from future issues. Also, please delete any persons no longer employed by your company.

PUBLISHER'S STATEMENT OF COPYRIGHT & LIMITATION OF LIABILITY

Reproduction of any part of the **2003 Numismatic Dealer Directory** without written permission of the **Coin Dealer Newsletter** is a violation of copyright law and is specifically prohibited. The **CDN** will strictly respond to any and all violations of the **CDN** copyright.

Every precaution has been taken to avoid errors and omissions in the **2003 Numismatic Dealer Directory**, both in the directory listings and in the display advertisements. The **Coin Dealer Newsletter** expressly rejects any liability for errors in the listings due to incomplete, inaccurate, or omitted information. If you do not refresh your information by responding to our mailings, you may be deleted from future issues. The **2003 NDD** listings have been updated to the best of our ability based upon your returned cards, plus the most recent public data available. If your name was removed from the **2003 NDD**, you will need to submit a listing request form (found in the directory) to be reinstated in the database. If any listing is incorrect, please notify us as soon as possible so that we can update our files. This will also help you — should we receive an inquiry, we can provide the corrected information. Please send us one of the listing request forms whenever your information changes — and remember that many new telephone Area Codes are being created.

Every precaution has also been taken to correctly include all display advertising. Should any error have occurred, an advertiser is limited in recovering for any loss or omission to a pro-rata abatement of the charge paid for such advertising in the proportion that the error reduces the value of the entire advertisement. In no event shall such recovery exceed the amount paid to the **Coin Dealer Newsletter**. An advertiser can substantially avoid the risk of errors or omissions by submitting camera-ready copy, which we encourage for all display advertising.

Note to consumers: The **2003 Numismatic Dealer Directory** has been prepared for the dealer community. As consumers, only you can decide what services or products best meet your needs. The inclusion of any dealer, either in the listings or advertisements, is **not** an endorsement of the individuals concerned, their companies, business practices, services, or products. Furthermore, you should be aware that advertisers are subject to various local, state, and federal laws and regulations; the enforcement of such laws and regulations is the responsibility of the appropriate agencies.

How Did Smythe Get Double and Triple Greysheet for Many of the Certified and Uncertified Coins in Our Nebraska VII Sale?

The following 10 coins are highlights from a recent R. M. Smythe Coin Auction held at the Algonquin Hotel in New York City. "Nebraska Part VII" (along with other major consignments) set numerous records as bids were often shouted from the auction floor. Phone bids that came from as far as California were also executed during the 840-lot sale.

It wasn't easy. We carefully catalogued every coin, illustrated the feature items using digital photography, and showed the lots in New York City. We made the dealers and collectors who came to the auction feel right at home, and we provided telephone bidding for those who couldn't be there in person.

WE CAN CREATE A LEGEND FOR YOU

- ★ Legend Numismatics carries an extensive inventory of PCGS & NGC certified coins: 1/2¢ thru Gem Proof \$20. In 2002 we offered over 8,000 coins worth more than \$51.2 million dollars in Opportunity Knocks, our monthly newsletter and website.
- ★ Last year we located and placed \$6.20 million dollars worth of coins for our want list customers.
- ★ Members of Legend Numismatics personally attend every major show and auction that is held.
- ★ Members of Legend Numismatics' staff have experience of over 30 years as full time coin dealers. Few other firms have the experience, abilities and contacts equal to Legend.
- ★ Quality is our obsession. We know you can't build a great collection without it!
- ★ We don't mess around. We've seen other dealers who make outrageous claims, play games, and B.S. the customer. That's not Legend. Repeat business/true loyalty is what we're about. We have the record to prove it!
- ★ Your business is important to us. Whether it's building your dream collection or just adding a coin to a set, Legend Numismatics is 100% committed to helping you attain your goals and making your numismatic experience with us both enjoyable and rewarding.

ICG is Proud to Present The "King of VAMs"

The VAM 44 Discovery Coin!

In 1963, a young Berkeley engineering student encountered a revolutionary booklet, entitled *Morgan Dollar Varieties* by F.X. Klaes. In this small volume, a previously unknown 7/8TF "Doubled Leaves" variety was among the coins featured. And the rest is history!

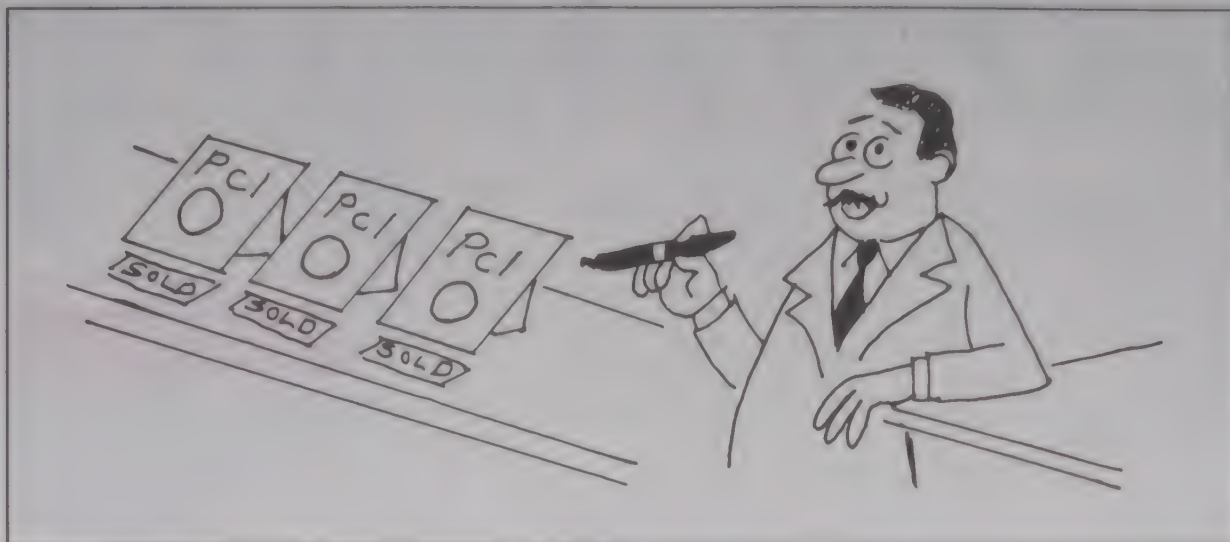

The student was none other than Leroy Van Allen.
And the coin? It was the first VAM 44, the "King of VAMs."

And naturally, IT'S IN AN ICG HOLDER!

Contact James Taylor for an ICG dealer submission kit.

Why smart dealers turn to PCI!

"No matter the season, PCI is the reason for dealer success — and profits"

PCI is simply the best

With its faster service, no minimum number of coins requirement and attention to detail, PCI keeps coin "down time" to a minimum. Smart dealers recognize — and appreciate — this PCI difference.

Certified Coin Dealer newsletter

**NOW ON-LINE!
DOWNLOAD
TODAY**

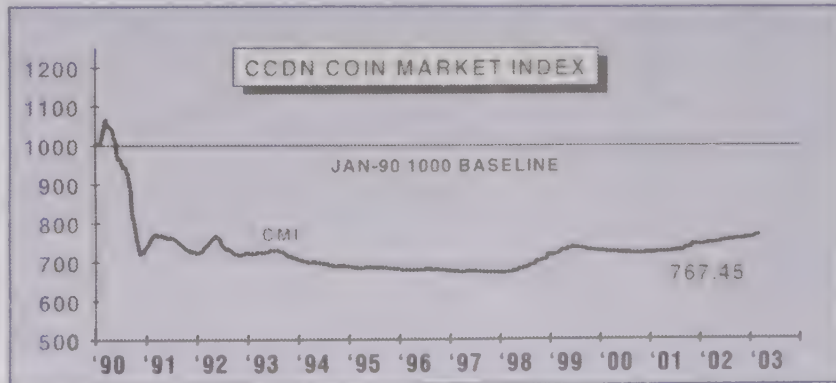

The **Certified Coin Dealer newsletter** ("Bluesheet"), published by the Coin Dealer Newsletter (est. 1963), is the only price guide available listing the wholesale bid levels of coins certified by the Professional Coin Grading Service, Numismatic Guaranty Corporation, ANACS, PCI, INS and NCI. Published weekly, the "**Bluesheet**" reports the highest known bids on actively traded certified coins in the standard grades of Mint State and Proof. Prices are constantly updated for the most popular series and issues graded by the leading services. Bids for PCGS and NGC are reported every week; Bids for other services are updated monthly. And once each month the **CCDn** also contains the **Asksheet** listings - at no extra charge!

Over the past fifteen years, the certified market has been very active. The volatility that characterized the sight-unseen market has been replaced by more stable price movements, attracting a new generation of col-

lectors. As our **CCDn CMI** (a weekly **Bluesheet** feature) illustrates, the overall market is stabilizing. In addition to pricing changes in the market, Bid levels may differ considerably from one service to another.

The **Bluesheet** reports dealer bid levels for sight-unseen coins. Dealers may pay even more depending upon their needs, but remember, pricing changes are an enduring characteristic of the coin market. Bids can increase or decrease dramatically; without current market information, making informed buying or selling decisions is impossible. You need the **Bluesheet** now!

The Finest Services

NGC's comprehensive offering means that you have access to the numismatic services you need to make the most of your collection. From our expert grading and industry-leading holder to our comprehensive registry, our services are designed to help fulfill your passion for the hobby. Plus, we offer unparalleled conservation services through our exclusive partnership with Numismatic Conservation Services (NCS).

The Leading Experts

The diverse numismatic backgrounds and unchallenged experience of our graders combine with our uncompromising standards of integrity and objectivity to make NGC the most respected grading service in the industry. NGC graders are prohibited from buying or selling coins, therefore guaranteeing impartiality. This is one of the main reasons we are the only grading service ever endorsed by the ANA, America's only official coin collecting organization chartered by Congress.

NGC is the only grading service that provides dealers and collectors with a seamless source for having coins conserved if necessary, graded and registered. We also offer the industry's strongest guarantee, giving our customers complete confidence in the grade and authenticity of their NGC graded coins.

Three Good Reasons To Read This Ad

The Greysheet

(as the Coin Dealer Newsletter is often called) has been the standard wholesale pricing-guide of the coin industry since 1963. It is an up-to-date reporting of dealer-to-dealer Bid/Ask prices on rare coins, from the earliest through the most recent issues. For over 40 years we have given our subscribers the most comprehensive and unbiased report on the entire coin market, with all the information necessary to make informed buying and selling decisions. The CDN is published weekly to enable you to keep pace with often dramatically changing price levels. Plus, your subscription includes **FREE** Monthly and Quarterly supplements. All coin dealers have discovered how invaluable the "Greysheet" is.

The Bluesheet

The same independent, unbiased professionalism that has brought you the *Greysheet* for over 40 years, brings you the ultimate price guide for the certified coin market. The *Certified Coin Dealer newsletter* reports the highest known Bids of actively traded PCGS, NGC, ANACS, PCI, NCI, & INS coins. The CCDn brings you an intensive look at the certified coin market and the variables in price structure among the industry's leading grading services. As an extra bonus for subscribers, the "*Bluesheet*" incorporates the CCDn ASKSHEET, reporting monthly on Lowest Asks or Last Trades. Now you have all the information you need to make informed buying and selling decisions.

The *Currency Dealer Newsletter* covers dealer-to-dealer Bid/Ask prices on U.S. fractional currency, large size U.S. notes, small size U.S. notes, uncut sheets, small size currency as well as in-depth articles and analyses. This monthly publication is the only up-to-date pricing guide available in today's ever-changing Paper Money market.

An important note about all of our Newsletters:
The publishers of these price guides do not buy, sell or trade coins. In short, there are no persuasive forces that might distort the true market pictures.

MS 70*"You'll love
this stuff!"***Industrial Strength Coin Brightener**

Proven for years as the **INDUSTRY STANDARD** used by professional numismatist and collectors alike world wide to restore **mint state** and **proof** coins to the bright - white brilliance that they exhibited the day they were minted! Developed by renowned chemist Gayl Swinehart, PhD.

Contains No Acids or Solvents Environmentally Friendly

**Safe on Gold - Silver - Nickel
Copper - Bronze - Brass**

WILL NOT GIVE YOUR COINS THAT "DIPPED" LOOK

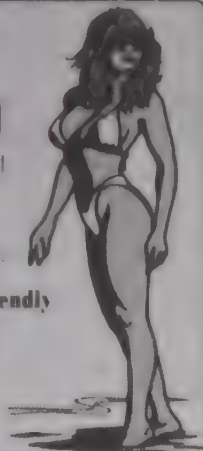

MS70 does not change the color of your coin but does remove the tarnish and surface contamination allowing the natural beauty of the original surface to show as bright as the day your coin left the mint. Surface contamination is p.v.c., tarnish, fog, oil, dirt, ect. **MS70** is a blend of industrial detergents and surfactants designed to remove surface contamination from metal without disturbing the metal surface itself.

When **MS70** is applied the surfactants (wetting agents) first break the surface tension of the contamination then the detergents is **MS70** go to work as you "work" the coin as directed on the label instructions by suspending the contamination so that it may be rinsed away leaving a bright metal surface as undisturbed as the day the coin was made.

MS70 IS AVAILABLE IN MOST COIN SHOPS OR YOU MAY ORDER BY CALLING WITH VISA OR MASTERCARD OR SEND \$7.95 PLUS \$3 POSTAGE TO:

Realize the most money for your coins by dealing with world-class rare coin experts who have unlimited financial resources.

Sell Us Your Coins!

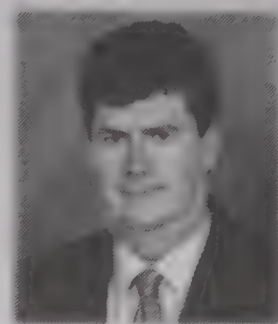

Top prices—Go where those "in the know" go to sell their coins! We buy millions and millions (and millions!) of dollars worth of coins each year from other dealers. Obviously, they're going where they can get the best deal for their coins, and that's why they choose **Spectrum Numismatics**. So should you!

We buy it all—Yes, we're definitely the company to see if you have a complete set of Capped Bust quarters in Gem condition and two Pan-Pac sets in the original frame. But we're also highly interested in the real world, and that includes the 67 assorted silver dollars you've had for years, along with the Mercury dime set missing five dates, the 20 1964 Proof sets and the Trade dollar an ancestor brought back from the Orient. We're interested in hoards, accumulations, portfolios, specialty collections, and every other conceivable coin holding that you can think of.

We buy it NOW—Most transactions with **Spectrum Numismatics** are completed in less than 72 hours (start to finish) and many take place on the same day. If we need to come see you there's a major airport only minutes from our office. If we do the deal by mail, as we do in 80% of the cases, your coins will receive same-day attention upon their arrival. If you make an appointment and come by our offices you'll find our service prompt and our people as agreeable as our prices.

Check us out—Need references? You've got it! Just give us a call and we'll provide you with any information that you might need or want to assure you that **Spectrum Numismatics** is the right choice every time!

Selling your coins to **Spectrum Numismatics** is as easy as one, two, three. In fact, it's even easier than that. Just give us a call, drop us a line or send us an e-mail at gregspec@aol.com. We'll take care of the rest. Do it today!

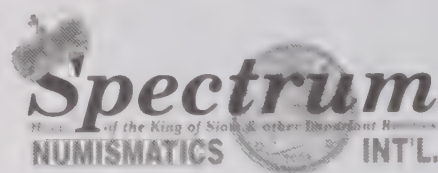

At Spectrum you'll be dealing with one of our outstanding Numismatists such as Robert Hughes. Robert has 45 years of experience buying and selling coins. Dealing with Robert will be an easy and financially rewarding experience for you. You can depend on it.

To contact a **SPECTRUM** representative, call us collect at (949) 955-1250. Do it today!

Your Numismatic Colleagues With An Extra Tick

Every Numismatic Library needs copies of the latest addition to the

COIN DEALER newsletter family of publications:

Backissues

Now that we have your attention — we really haven't started an additional newsletter — but your library should include Back Issues of our publications. Back issues are available two ways:
